

## **Indianapolis Bridge Center, January, 2010 Newsletter**

### **Winners**

The Player of the Month is Dean Robinson, party date to be determined. The Rookie of the Month is Carol Potter, whose party will be at the 7 PM game on January 20. Congratulations to both.

### **Team Game Update**

The team game will continue on a bi-monthly basis beginning Saturday, January 9. These games will be held on the second or fourth Saturday of the month, barring any conflicts. Gaining experience in playing on a team should be of special interest to newer players – especially those who plan to compete in tournaments.

### **Sitting North/South**

It is the policy of the Bridge Center that those desiring a north/south seat reserve such by calling in the morning of the game, or by arriving early enough to procure one. Putting your name on a sheet of paper and leaving it on a table the day before the game is not the correct procedure and such “reservations” will be removed.

### **Red Carpet Alert**

Eddie Wold, the #3 player in the country in terms of master points, will be at the IBC the first weekend in January.

On Saturday, January 2, Eddie will be teaching a class from 10-noon. On Sunday, January 3, he will be playing with one of our members. **YOU** could be Eddie’s partner. There are two ways to do this: purchase a lottery ticket for \$10 from an IBC board member; or, and this is a better deal, pay \$25 to attend Eddy’s class and a lottery ticket is included.

The Eddie Wold event would be a good gift idea for your favorite partner or teacher.

### **Director’s Tip of the Month**

New psych policy: the IBC will initiate a new psych policy starting February 1, 2010. Please pick up a flyer to learn about your obligation regarding psychs.

### **Note from Management**

Thanks to all who have helped make Sharon’s and Charlene’s first year a success. We want to continue improving our club and welcome all constructive suggestions.

### **Milestones**

The Indianapolis Bridge Center mourns the passing of the sisters of Deanna Nesbit and Pat Yingling and the mother of Mark Campbell.
